The Golden Life Streams on Hulu Beginning with First Two Episodes on November 3

NEW YORK--(BUSINESS WIRE)--Oct. 21, 2026-- VERSANT today announced a licensing agreement to stream season one of E!'s *The Golden Life* on [Hulu](#). The first two episodes will be available on Hulu and Hulu on Disney+ for bundle subscribers in the U.S. beginning November 3, with remaining episodes available seven days after premiering on E!. *The Golden Life* debuted on E! on Tuesday, October 20, and new episodes air weekly on Tuesdays at 10 p.m. ET/PT.

The Golden Life follows Kelly Bensimon, Countess Luann de Lesseps, Dorinda Medley, Sonja Morgan and Ramona Singer as the iconic group of New York snowbirds pack their bags and head down to sunny Palm Beach, FL, to reconnect in their "golden" era of life. Whether it's yacht parties accompanied by past flings on the not-so-sunny coast of Florida, championing the Gay Polo League, an old-school girls weekend in Miami, or glamorous shop-and-sip events in luxury boutiques, the ladies bring their iconic personalities to the exclusive Palm Beach scene.

This season on *The Golden Life*, Kelly returns to her roots in Palm Beach after blazing a new path as a real estate mogul in NYC. Luann takes her dazzling cabaret show nationwide with her trusted sidekick, Roger. Dorinda leaves behind the chilly weather at Bluestone Manor to embrace her next chapter in the sun, where she's preparing for her next book launch. While always the life of the party, Sonja continues her zen down south, and Ramona "wows" Palm Beach society with her passion for charity galas and vibrant soirees.

Season one of *The Golden Life* will continue in the new year with additional episodes featuring the cast in the glitzy Hamptons social scene, joined by Candace Bushnell and Margaret Josephs.

"We knew we were onto something special with *The Golden Life*, and the enthusiasm around the series has been palpable. We're excited to bring this new chapter to an even wider audience," said Val Boreland, President of Entertainment, VERSANT. "This agreement with Hulu extends the reach of a distinctive E! series and reflects Versant's strategy of creating more ways for fans to connect with the programming they love."

The Golden Life is produced by Blink49 Studios with Tara Long, Nadine Rajabi, Mark Ford, Ben Megargel, Paul Yuan, Janelle Couture, Rudy Castellon and Daniel Rogge serving as executive producers.

This agreement builds on Versant's earlier deal with Hulu for U.S. streaming rights to *Keeping Up With the Kardashians* and supports Versant's continued investment in original programming and premium content while extending E!'s reach and deepening audience engagement.
